**The Society
for the Propagation
of the Gospel in
Foreign Parts**

for the Year

1917

Founded 1856.

Think of what we Owe to our Sailors!

The Missions to Seamen is the Agency through which the Church ministers to the spiritual and social needs of our

BRITISH SEAMEN

Some of the men who bring our food.

IN ALL THE
PRINCIPAL
PORTS
AT HOME
AND ABROAD.

The splendid
heroism of our
Seamen of the

ROYAL NAVY AND THE MERCANTILE MARINE
is, by God's mercy, saving us from defeat and starvation.

The Missions to Seamen is in some measure interpreting the Nation's gratitude by providing for their spiritual and social needs.

Numerous torpedoed crews are being cared for every week by our Chaplains at various Ports at Home and Abroad.

**GENEROUS SUPPORT
IS VERY URGENTLY
NEEDED.**

Please send a Gift as a Thank-offering for your Food, brought to you by Sailors in spite of Submarines and Mines.

THE SOCIETY'S MAGAZINES.

NOTE.—It will save the Society considerable expense and labour if all magazines (except "The Church Abroad") are ordered through a local bookseller. Postage is eliminated in most cases, and subscribers are enabled to alter their number as circumstances may require and render their payments monthly, instead of paying in advance to the end of the year.

"THE MISSION FIELD." "The Mission Field" is the official organ of the Society and appears in a cover of attractive design, which frames a different picture each month. Its size is crown 4to (9 $\frac{3}{4}$ in. $\times$ 7 $\frac{1}{2}$ in.) with double columns, and the text is well illustrated. The price of "The Mission Field" remains at 1d. a copy at present. Obtainable from all booksellers, it is also supplied direct from S.P.G. as follows:

Twelve or more copies a month are sent carriage paid, if payment is made in advance to the end of the year. Postage is charged on smaller quantities and single copies. Rates on application.

The bound volume 2/-, by post 2/6. Covers for binding, 1/- by post 1/3. The cover design is entirely new and greatly enhances the appearance of the volume.

An Edition for the Blind. The Society issues monthly an edition of this magazine printed in Braille type for the blind. It is obtainable direct from the office only. Annual subscription, 2/-, post free, payable in advance.

"THE KING'S MESSENGERS." An attractive monthly missionary magazine for children aged from eight to fourteen. Illustrations are a special feature. The price remains at $\frac{1}{2}$ d. a copy at present. Obtainable from all booksellers, it is also supplied direct as follows:

Twelve or more copies a month are sent carriage paid, if payment is made in advance to the end of the year. Postage is charged on smaller quantities and single copies. Rates on application.

Bound volumes price 9d., by post 1/- Covers for binding 2d., by post 3d.

"THE EAST AND THE WEST." "The East and the West" is a quarterly review, royal 8vo. Its *raison d'être* is to discuss problems which arise out of Mission work, both in heathen countries and the colonies. "The East and the West" may be obtained through any bookseller at 1/- net per copy, or direct from the S.P.G. Office (15 Tufton Street, S.W. 1.), by post 1/2, or 4/6 per annum, post free if prepaid. Volumes I. to XV. are now procurable, price 4/6 net each, by post 5/-. Cases for binding 8d. net, by post 10d.

"THE HOME WORKERS' GAZETTE," S.P.G. Edited by BISHOP MONTGOMERY. A monthly survey of the Society's Home Work, each department being responsible for a certain portion. It is the regular means of communication between the Departments and their own workers throughout the country, replacing the numerous departmental notices formerly issued by post. It is obtainable through all booksellers, price 1d. per copy, or direct from headquarters at 1/- per annum, post free, payable in advance. Volumes I. to VII. of the new series are obtainable, price 1/6 each, by post 1/11, and form valuable works of reference.

"THE CHURCH ABROAD." "The Church Abroad" is primarily intended for insertion in Parish magazines. It contains numerous illustrations and is at present issued in two sizes, namely: crown 4to (9 $\frac{3}{4}$ in. $\times$ 7 $\frac{1}{2}$ in.), and 8vo (8 $\frac{1}{2}$ in. $\times$ 5 $\frac{1}{2}$ in.). Specimen copies and terms of subscription will be sent on application. Bound volumes (4to edition) 6d., by post 9d.; 8vo 9d., by post, 1/-.

Sample copies of any of these magazines will be sent on application to the Manager of the Publication Department, 15 Tufton St., Westminster, S.W. 1.

It was over 25 years ago that I caused samples to be taken of all wines advertised for Eucharistic purposes. Some were found to have much added alcohol, and others extraneous matter. Messrs. Ford & Son's "Oedens" proved the best on analysis. I have since then used no other, and have never found any difference.

NOTICES AND DIRECTIONS.

Telephone 1861 VICTORIA.

Telegraphic Address: "GOSPELIZE, VIC, LONDON.
Code "PREMIER AND ECCLESIASTICAL."

"While recognising the advantage to the Society of meetings organised by its friends for the sale of work and other articles, which, in addition to the funds obtained, enable those of small means to help by personal labour, the Standing Committee are of opinion that the objects of excitement which are sometimes added to such sales ought to be discouraged, since they are alien from the spirit of self-denial by which the Gospel is best propagated."—*Resolution passed by the Standing Committee, 1888.*

LETTERS.—It is requested that ALL LETTERS on the business of the Society be addressed, "The Secretary, S.P.G. House, 15 Tufton Street, Westminster, S.W. 1." *Letters relating to Publications should be written separately from those relating to or containing Contributions to the Society.*

REMITTANCES, when sent direct to the Society's Office, should be made:—

By Cheque, Money Order on the "Chief Office, London," or Postal Orders, payable to "The Treasurers of the S.P.G. OR BEARER," and crossed "**MESSRS. DRUMMOND.**"

N.B.—In the case of those Dioceses where there is a Diocesan Treasurer it may be preferred to remit through him. His name and address will be found in the Diocesan Reports.

DAY FOR CLOSING ACCOUNTS.—The Society's financial year closes on December 31. Since, however, it may be difficult for Local Secretaries and Treasurers to get in all the Subscriptions before the end of the year, the Treasurers' books will be kept open until January 16 each year.

MONEY ON ACCOUNT.—It would be a great help to the Treasurers if moneys in the hands of Local Secretaries and Treasurers could be remitted at least quarterly, or half-yearly, *on account.*

Unless remitting "on account" the particulars giving list of names etc., should always accompany the remittance. Membership subscriptions should be clearly marked as such.

FORM OF LEGACY.—I give to "THE SOCIETY FOR THE PROPAGATION OF THE GOSPEL IN FOREIGN PARTS" the sum of £ †; or * (*vide* Note), to be applied to the purposes of the Society, and the Receipt of a Treasurer of the Society shall be sufficient discharge for the same.

* NOTE.—Under the Mortmain Acts (as now amended) land, tenements and hereditaments of any tenure may be given by Will to or for the benefit of any charitable use, but must be sold within one year of the death of the Testator for the benefit of the Charity. Personal property of any nature may also be bequeathed for charitable purposes.

† If intended please insert the words "Free of duty."

OFFICE HOURS TEN TO FIVE DAILY, except on Saturday, when the Office is closed at 1 P.M. and on Ash Wednesday, Good Friday, Easter Eve, Ascension Day, Christmas Day, and the legal Bank Holidays, when it is closed entirely.

Short Services are held in the Chapel of the Society's House at 10 a.m. and at midday. The "S.P.G. Cycle of Prayer and Praise" contains the prayers which are said in the Chapel at midday. It also includes a list of the Society's missionaries throughout the world. Price 2½d., post free.

Annual Report

1917.

INTRODUCTION.

ALL Missionary Societies, indeed probably all charitable organisations, have ruthlessly cut down their Annual Reports to the smallest dimensions. The S.P.G. Report for 1917 will be found to be even shorter than that of 1916, and purely in the interests of economy and to help the Government.

The fourth year of the war has found the Church full of courage. It has not lost faith or hope, or love for the great Brotherhood of the human family. Full of thankfulness ourselves for God's mercies to us, it is probable that all Missionary Societies will sustain their level of income: for the spirit within us is stirred. We will not permit the Lord's Cause to fail, God helping. The strain upon the nation only brings out the finer qualities—courage, perseverance, clearer vision, greater humility, deeper faith. "Perplexed but not unto despair"—St. Paul's phrase comes home to us to-day. God's mercies have been so great that it would be strange, unpardonable, if we were not of good cheer, since the Master's Presence is even more visible to His people in the storm than in the calm. We go forward and God is our refuge.

OBITUARY.—Once more we can record little more than the names of those heroes of the Mission Field with whom we have been officially connected. The *Mission Field* of 1917 has extended notices in each case. The diocese of Madagascar loses three workers: The *Rev. James Coles*, a veteran indeed, who died after retirement; he went out in 1878. The *Rev. H. H. Blair*, who joined the staff in 1899. The *Rev. B. J. Gedge* in 1908. The diocese of Natal: the *Rev. S. M. Samuelson*, a missionary for sixty-five years, commencing work in 1855. Diocese of North China: the *Rev. H. J. Benham-Brown*, after thirty years of singularly noble work, chiefly in Peking. Diocese of Lucknow: *Evelyn Maud Dawson*, eight years a nurse at St. Catherine's, Cawnpore; she met her death when matron on board the *Salta* hospital ship, a victim of German ruthlessness. Diocese of Lahore: *Canon Allnutt*, one of our noblest missionaries, thirty-nine years in Delli; he died at his post. Diocese of Newfoundland: *Rev. J. P. F. Adams*, killed at the front.

Doubtless at the conclusion of the war those who have lost their lives owing to the war will have their names inscribed in the Chapel of S.P.G. House, in a Roll of Honour side by side with their brethren "martyrs" also for the Cause.

Louisa Bullock, first Secretary of the Ladies' Missionary Association which preceded the C.W.W.; she was honorary secretary for twenty-six years. *Charlotte, Lady Pearson*, first Editor of the *Gospel Missionary*, a most liberal supporter of the Society, her house always open to missionaries. *Mrs. Winckworth Scott*, Woman Head of the Delhi Mission women's work from 1886 to 1896. *Caroline Fox*, a missionary in Natal from 1877 to 1906, who lived on in Africa and died there. *Isa Wells*, a missionary at Ahmednagar from 1907 to 1916, when she was invalided home with tuberculosis and died in 1917. *Canon Beanlands*, who did good service in British Columbia, and for a short while in S.P.G. House. Last, by no means least, *Mr. John Squibb*, a tower of strength for nearly forty years in the Finance Department at S.P.G. House, and a noble character.

Two names remain to be mentioned, although they died in January 1918. *Mrs. Bunyon*, aged ninety-eight, to whose memory too much honour cannot be paid; a noble woman, great in character and in devotion. *Edward Henry Mosse*, killed whilst ministering to his people during an air raid; another of our great heroes as a home worker.

THE ANNUAL MEETING OF 1917.—In order to carry out the suggestions of the Government in regard to travelling, only one Annual Meeting was held. On Thursday, April 26, at 2.30 p.m.,

* Now invalided out of the Army.

† Missing since June 1917.

the meeting was held in St. Margaret's Church, Westminster. The Archbishop of Canterbury was in charge of the meeting. All speakers used the pulpit for their addresses, the list being as follows: the Archbishop of Canterbury, the Bishop of Lahore, the Bishop of Rangoon, and Archdeacon Morrison of the diocese of Accra.

Upon the whole the experiment of using a church is not likely to be repeated. It was found that the impossibility of using applause on the side of the audience, and of the exercise of a sense of humour on the part of the speakers imported inevitably a sense of dullness to the occasion.

The Annual Service was held on the same day at 11 A.M., and at St. Paul's. The Litany was sung in procession, and the Archbishop of Canterbury celebrated the Holy Communion. The preacher being the Right Rev. Bishop Mylne.

At the **Annual Meeting of the Society** held on February 15, 1918, the surviving Vice-Presidents of last year, other than those holding such office *ex-officio*, were re-elected, and the following were elected to the position of Vice-Presidents for the year ensuing:—

The Right Rev. N. D. J. Straton, late Bishop of *Newcastle* (since deceased); The Right Rev. A. Robertson, late Bishop of *Exeter*; The Right Rev. J. C. Leeke, late Bishop of *Woolwich*; The Right Rev. W. MacCarthy, late Bishop of *Grantham*; The Right Rev. F. Ll. Deane, Bishop of *Aberdeen and Orkney*; The Right Rev. H. M. E. Price, late Bishop of *Fuh-Kien*; The Right Rev. E. L. Danson, Bishop of *Labuan and Sarawak*; The Right Rev. H. Newton, Bishop of *Carpentaria*; The Right Rev. G. H. Cranswick, Bishop of *Gippsland*; The Right Rev. Cecil Wilson, Bishop of *Bunbury*; The Right Rev. W. C. White, Bishop of *Newfoundland*; The Right Rev. A. P. Berkeley, Bishop of *Barbados*; The Right Rev. E. A. Dunn, Bishop of *British Honduras*; The Rev. A. H. Anstey, Bishop-Elect of *Trinidad*; The Right Rev. R. S. Heywood, Bishop-Elect of *Mombasa*; The Right Rev. J. O. Nash, Coadjutor-Bishop of *Cape Town*; J. A. Longley, Esq.; Kenneth Macmorran, Esq.; Sir Robert Carr Selie; C. Tweedy, Esq.; J. H. Nelson, Esq.; The Rev. Frank Penny.

On the same occasion the Rev. S. W. Key and the Rev. H. M. Shuttleworth were re-elected, and the Rev. H. N. Bate, the Rev. C. Coleridge Harper, the Rev. G. Hibbert-Ware, the Rev. C. E. Lambert, J. G. Meade, Esq., the Rev. H. P. Statham, the Rev. Prebendary W. S. Swayne were elected as members of the Standing Committee.

SERVICES OF DISMISSAL IN S.P.G. CHAPEL.—As will have been anticipated, the "dismissals" of missionaries before going abroad were infrequent: all travel being made almost impossible. There were only ten such services.

Confirmations in S.P.G. Chapel.—By leave of the Bishop of London disabled soliders were permitted to be confirmed in S.P.G. Chapel if it was necessary to act in a hurry. Eighteen Confirmations were thus held and thirty-three confirmed, some of them most touching cases. The Secretary confirmed the majority of the men, but Bishop Bury and Bishop Morley also helped.

THE CANDIDATES' DEPARTMENT.—Happily no more of the Society's students have been killed in action during the year. Several have, however, been severely wounded. It will be remembered that the students left their colleges for war work, nearly all of them becoming actual combatants, and of these eleven gave their lives. Not a few of those who are now in the army speak of the value of their experience in relation to the life-work before them.

We are assured that after the war there will be (besides the students returning to their colleges) large numbers of the men who are now serving their country anxious to offer themselves for missionary training.

S.P.G. MISSIONARIES, 1917 (MEN).—As in the previous year, the number of missionaries recommended by the Board of Examiners in 1917 was affected adversely by the war. The case has been rendered more serious by the difficulty with regard to passports. The Board would have had opportunities of considering other offers had not the regulations rendered the prospect of obtaining passports in most cases hopeless. Special permission was obtained in relation to Chota Nagpur and Rangoon, because of Government obligations in connection with the work to which the missionaries have been sent.

During the year 1917 the Board considered eleven offers of service, and recommended six clergymen for missionary work overseas; the number of those recommended in the year 1913 was sixty.

Of the six recommended last year, two were graduates of Dublin, one was a graduate of Oxford, one of Cambridge, and two were licentiates in Theology of Durham, including one from St. Augustine's College, Canterbury, and one from Warminster. Five were accepted for India—viz., the Rev. F. Brighton, the Rev. A. O. Hardy, the Rev. B. D. Minton-Senhouse, and the Rev. G. C. P. Stevenson for Chota Nagpur; and the Rev. W. H. Jackson for Rangoon. One was accepted for Africa—viz., the Rev. E. A. Barrett, for Grahamstown.

(WOMEN).—During 1917 five women missionaries went abroad for the first time, as compared with sixteen in 1916: one to China, Miss Kathleen Frances Greaves; two to Japan, Miss Olive Kennion and Miss Dorothy Chope; one to India, Miss Mildred Powell; and one to Africa, Miss Elsie Andrewartha. These were all general workers.

The fact that fewer women missionaries sailed during 1917 than in 1916 is accounted for by reason of it being impossible to obtain passports for a larger number. In addition to these five, fourteen women have been appointed, and are now working in England until the seas are open. Of these, four educational and six evangelistic workers were destined for India, and one evangelistic and one educational worker for Africa, one educational worker for the West Indies, and one for the Singapore diocese.

SUMMARY.—There are in all 1,374 missionaries on the Society's list. *Ordained* (including ten Bishops) 988—in Asia,

382; in Africa, 292; in Australia and the Pacific, 45; in Canada and Newfoundland, 177; in the West Indies and Central and South America, 85; and 7 chaplains in Europe. Of the ordained missionaries 306 are non-Europeans—197 in Asia; 102 in Africa; 2 in Guiana; 1 in Australia; 2 in Canada; and 2 East Indians in Trinidad.

Laymen, 30—23 in Asia; 3 in Carpentaria, Australia; 2 in Canada; and 2 in Africa. Of these 11 are non-Europeans—8 in Asia; 2 in Carpentaria; and 1 in Africa.

Women, 356, of whom 59 are non-Europeans—283 in Asia; 63 in Africa; 8 in the West Indies; and 2 in Canada.

During the year very few licences or permissions to officiate on the Continent of Europe were granted on the Society's nomination by the Bishops of London and Gibraltar.

There are also in the various Missions 3,000 Lay Teachers, 3,200 students in the Society's Colleges, and about 67,000 children in the Mission schools in Asia and Africa.

INCORPORATED MEMBERS.—Two hundred and twelve persons were elected by ballot and added to the roll during the year 1917, i.e. 187 clergy and 25 laymen.

THE SOCIETY'S INCOME.—A review of the Society's work for the past year would be incomplete without some reference to our income, especially as in this no less than any other feature of the Society's work the hand of God "working His purpose out" may be clearly witnessed.

We turn to our income page for the past year with heartfelt gratitude and thanksgiving, for notwithstanding all its difficulties and disappointments, its trials and sorrows, the year 1917 will stand out in the annals of the Society as a period remarkable for manifestations of affection for S.P.G. and loyalty to the Cause for which the Society has stood for more than two centuries.

The total income of the Society has only thrice risen to a higher level than in 1917, and in each of those three years some specially large legacy raised the total income beyond comparison. Never in any previous year of the Society's history have Subscriptions, Donations and Collections for the General Fund reached the amount received in 1917.

The General Fund, adding the three items together, shows an increase over 1916 of £14,098. *Medical Missions' Funds* amounted to within £243 of their 1916 total, although in the latter year they were considerably aided by gifts in connection with the S.P.G. Women's Jubilee Thankoffering. *Special Funds* (including the *Affiliated Funds*) received £113 more than in 1916.

To a large extent the increase recorded under the head of Subscriptions, Donations and Collections for our General Fund is due to the response that was made to the Society's appeal for £35,000 beyond the amount of our business estimate for the year. It is well known that the appeal was made in order that we might keep our pledge to the dioceses overseas which look to the S.P.G. for

* Including gifts in response to the appeal for £35,000 required beyond our estimate for the maintenance of existing work; also gifts of £1,498 16s. for investment, income only being available for expenditure.

† Of this sum £2,660 had to be invested to provide for two annuitants, and £712 10s. to be invested, the annual income only being available for the General Fund.

‡ This amount has been credited to Subscriptions' Account above, being interest on Capital presented to the Society for payment of subscriptions in perpetuity.

support. It was (and still is) realised that to fail the dioceses at such a critical stage of the world's history would mean the undoing of much of the Church's work overseas which has taken years of

devoted labour and self-sacrifice to build up: "it would probably mean that in the eyes of non-Christians the Gospel cause must be waning."

The increase of £11,000 recorded under the head of Subscriptions, &c., by no means indicates the success which, by God's mercy, attended all the efforts made to obtain the £35,000 specially appealed for. The vicissitudes of the times are unquestionably causing considerable shrinkage in normal income, and it is perfectly evident to those who have means of judging, that, but for the appeal, there would have been a serious falling off in our funds in 1917.

That our income should have been so wonderfully sustained in recent years has been, by God's blessing, a triumph for the personal appeal, backed as it has been by every branch of the Society's organisation. Men, women, our young people, organising secretaries and honorary workers throughout the country have thrown themselves heart and soul into the work, as though suddenly vision had been broadened and God's purposes more clearly perceived. The personal appeal has proved to be of incalculable value at a time of unprecedented difficulty. But the stimulating effect of stirring appeals is apt to pass off unless it is followed up by something more satisfying. What that something is to be must be left to our propagandists to determine.

A harder task than ever lies before us in the immediate future. We have to consolidate our income for 1917—make it permanent, and rise beyond it. We have to state our case anew and ask for a permanent annual income of not less than £175,000 from Subscriptions, Donations and Collections for our General Fund. The reasons for this are explained in a leaflet inserted in this report. £175,000. Is it possible? "With God all things are possible."

Our blessed Lord on the Lake of Gennesaret commanded Simon "Launch out into the deep and let down your nets for a draft." "*Launch out into the deep.*" That is what we have never yet done. We have been dragging our nets too close to the shore. In every diocese, every parish, there are depths unfathomed. We appeal again and again to the same people and they cheerfully respond—at what sacrifice we never know. The burden ought to be more equally distributed. There are hosts of people in every diocese casually supporting the Church's missionary work overseas. We want to bring these people into the Society and link them to their brethren across the seas by the chain of membership.

THE CANDIDATES' FIVE SHILLING FUND.—The proceeds of the Candidates' Five Shilling Fund amounted to £3,055 14s. 6d. This is only 4s. 8d. less than was received in 1916. No day has passed since the initiation of the Fund in 1905 without bringing in its contributions, though no direct application is made for subscriptions. £3,000 has been voted by the Committee of the Fund to the Candidates' Department to provide studentships for men and women desiring to devote themselves to missionary service. The Secretary's report will be found in the *Mission Field* for April 1918.

THE QUARTERLY INTERCESSION PAPER.—The circulation of the *Quarterly Intercession Paper* amounts to 118,000, including the Large Type Edition (1,550) and the Shorter Edition, (13,000).

Those wishing to receive the Paper, or to contribute to the Fund, should write to Canon Bullock-Webster at 1 All Hallows Lane, London, E.C. 4.

JUNIOR WORK, SCHOOLS, AND THE KING'S MESSENGERS ASSOCIATION.—Our first year under the direction of our new Chairman, the Bishop of Dover, has been one of continued progress in spite of—or perhaps in some cases because of—the special difficulties of these days.

Registration Forms for 170 new branches have reached us during the past twelve months, and that much study and prayerful work has gone forward is shown by the contributions for 1917, which exceeded those for 1916 by over £578. The total is once again the highest recorded, and though complete details are not yet available, we know that it has reached over £8,100.

There was a decrease in the entries for the Syllabus Examination, and 3,161 candidates from 241 branches entered as against 3,860 members from 306 branches who entered in 1916.

Mr. Brough and Mr. Bartholomew being both still away on war service, but little has been done in Boys' Schools, but work in the Girls' Schools goes ahead, and both study and giving seem to be increasing among them, their share of the £8,100 mentioned above being about £1,000.

The proposed new Constitution for the young people's work, based on the Report of the Commission of Inquiry, has been held up pending the decision of questions concerned with the whole reorganisation of the home work of the Society; but the important recommendation that the name of the Committee should be changed has been adopted. The need for this was mentioned in last year's report, and the new title "S.P.G. Committee for Junior Work, Schools, and the King's Messengers Association" (to be commonly called "The Committee for Junior Work") indicates that, while the K.M. Association has a very large share of the Committee's activities, it does not exhaust them, and that the Committee is concerned to secure the introduction of missionary teaching in all organisations for young people.

The appeal issued by the Central Board of Missions last summer, calling upon those who teach to give missionary teaching its proper place in religious education, has been widely circulated, and already the results begin to appear. In some districts the Syllabus issued by our Committee—or the alternative C.M.S. book—is being taught in Church Day Schools, and the demand for missionary lessons for Sunday Schools is larger than it has ever been before. Never has there seemed a greater readiness on the part of teachers to set before their children the wider ideals of Christian duty for which we stand. May we use the present opportunity and enter the open doors.

THE SALE OF THE WHITE KENNETT LIBRARY.—

For many years this Library had been a source of perplexity to the Society. Judging by the catalogue, a great many of the most valuable books bequeathed to the S.P.G. in 1712 by Bishop White Kennett have been lost, and no one now living is aware how this has happened. For years the remainder of the Library had been locked up in the strong room at S.P.G. House, and we were informed that the books were steadily deteriorating in quality. Moreover, a glance at the catalogue showed that very few of the books had any direct bearing on the propagation of the Gospel. They relate to the early history of the American Colonies, and generally to discoveries and to scientific subjects. Such a Library needed a well-appointed librarian staff if it was to be much consulted; for after our experience of the past it was evident that only under continuous personal supervision could students be permitted to use this Library, and there was no present likelihood of such a staff. But, further, was it the province of the Society to preserve books which had become of mere antiquarian interest and quite outside its special work? Would it not be better to enrich the National Collection with such works as it did not possess and scatter the rest, in the hope that the United States Government would add to its own collections what it needed? In the end, after long consultation, the Charity Commissioners sanctioned the scheme, which has now been carried out. The whole Library was transferred to the British Museum, and the authorities acquired books to fill gaps in the National Collection; eighty were so taken. And here it is only right to express our gratitude to the Museum authorities for denying themselves the pleasure of securing valuable duplicate copies of very rare books. The National Library has treated us with great generosity. One series of tracts, the "Eliot Indian Tracts," of great value, may, however, be said to come well within the objects for which the Society exists. They were unbound and, of course, fragile. The British Museum possesses copies of them. If we had kept them back, would they not almost certainly, in course of time, have disappeared and certainly have deteriorated? In regard to the catalogue the Library contained several copies of it. We have, of course, retained one of these as a record, whilst the others were offered for sale by Messrs. Sotheby, Wilkinson and Hodge. Besides the White Kennett Library a few other books were offered for sale. Their history is as follows: From time to time libraries are bequeathed to us, and doubtless in years gone by similar bequests were received. When we are permitted by the donors to deal with the books as we think fit, we keep what is specially valuable for our own purposes and give away the rest to missionaries. In looking over our stores we discovered a certain number of books of some value, but which had nothing to do with our own special work. These were included in the sale. One thing is certain. In place of possessing a library which we were afraid to use and which was not improving in quality, and contained very few books which dealt with Christian Missions, the name of White Kennett will in future be known far and wide as a noble benefactor and as one who will

continuously be assisting, not only the experts, but also the vast rank and file of missionary students throughout the Continents, for the S.P.G. field is enormous. We believe that the course adopted by the Society will be acknowledged to have been by no means an unwise one, although not without many elements of perplexity. If it is asked whether the books which were lost in the past were more valuable than those which we still possessed, the answer is that probably the lost books were worth the most.

The net proceeds of the first sale, less Insurance and Incidental Expenses, amounted to £4,001 17s. 2d. It is not uncommon, after a sale of old books, to have a few returned in consequence of small blemishes discovered after the sale. These returned books were re-catalogued by Messrs Sotheby, and obtained at a second sale £138 15s. The total sum of £4,140 12s. 2d. has been invested in 5 per cent. War Stock to the credit of the "White Kennett Library Fund," as a Trust under the conditions of the Charity Commissioners.

The sale of the other books already alluded to, not belonging to the White Kennett Library, produced £210 5s. This sum has been credited to the Special S.P.G. Library Fund Account.

We owe a special debt of gratitude to Messrs. Sotheby, Wilkinson and Hodge for the keen interest taken in the sale and the special care with which they prepared the catalogue.

OUR LITERATURE.—The Society has limited the output of new literature very much during the past year—the following comprises the new items:—

Burma, a short study of its people and religion, by Rev. F. E. Trotman, price 1s. 6d. net.

Sea Dyaks of Borneo, a revised edition, price 1s. 3d. net.

Story of the Delhi Mission, a revised edition, 2s. net.

New Pamphlets.—"The Church Overseas," being a quarterly survey of the Church's work throughout the world, primarily intended for the help of speakers. It is written by Bishop Montgomery.

A Catalogue of recommended books on Missionary Study, price 1d.

New Leaflets.—"The Extension of the Kingdom" (4 pp.); "An Universal Army" (2 pp.); "The Christian Crusade" (8 pp.); "How Headquarters can Help You" (4 pp.).

Pictorial Postcards.—Photograph of Bishop Montgomery, produced by the Gerhard Sisters of St. Louis, Mo., U.S.A. (price 2d. Signed copies, 6d.).

The complete catalogue of the Society's literature has been revised again, and will be sent to any person on application.

The circulation of our magazines has been well maintained, and up to the present time have continued their regular issue, but owing to paper restrictions the quantity of *The Mission Field* has been reduced to 16 pp. and cover; *The King's Messengers* magazine to 12 pp.; *The Home Workers' Gazette* to 20 pp. (and sometimes to 16 pp.); *The East and The West* to 96 pp. text matter. Owing to the enormous increase in cost of paper it may be necessary to further reduce the amount of pages at an early date.

LENDING LIBRARY.—There has been an increase during the past year in the number of books circulated, 3,200 having been taken out by 876 borrowers. The number of subscriptions

has fallen off, probably owing to the rule, now better known, by which borrowers are allowed to take out books at 2d. each per month. The income acquired by the sale of the White Kennett Collection has considerably increased the activity of this department, and the number of books contained in the Library is rapidly approaching 10,000.

BRAILLE SECTION.—In this section there has been a most encouraging increase in the number of readers as well as in the circulation of the books, 1,140 volumes having been sent to 130 borrowers, in spite of the fact that several of our male members have left us in order to serve in the Army as "Listeners." A grant of £15 has been allotted to this section of the Library from the White Kennett Trust, and we hope soon to have a collection of missionary books sufficient to satisfy all our readers' demands. The interest of our blind readers is very keen, and their intercessions on behalf of our work ought to be of real value to S.P.G.

KING'S WORKERS.—During the past year several new branches have been organised, at least two of which consist of quite new members. In other cases scattered members have been drawn together.

At the request of the Secretary for Women's Work, S.P.G., our first Conference was held; it was necessarily restricted to London members, though the appeal then made for our help in gaining an entry for S.P.G. among workers in big shops, offices, factories, &c., is, we hope, being responded to by King's Workers throughout the country.

Among our Special Sections, Newspapers, Texts, and Braille have, perhaps, been busiest, though a special diagram order is being carried out by the map-makers for missionaries in South Africa.

The real work of our Association is that of prayer, and we hope that we may increasingly recognise our responsibilities and privileges in this respect.

BRAILLE DEPARTMENT.—The circulation of the Braille editions of the *Quarterly Intercession Paper* and of the *Mission Field* both show a slight increase on that of last year.

Our Braille writers have decreased in number; but we have eight pupils on our books, and one of last year's pupils has "graduated" and has produced some excellent work, while a second promises to do equally well in the near future. Expert Braille correctors (certificated) are still badly needed for this part of the work.

There were just over twenty additions to the Library during the year, and two or three circles were also supplied with new Braille study books, each circle requiring six or eight copies. There are about seven circles being conducted among the blind, by correspondence, and this work could be extended if duly qualified "sighted" leaders were forthcoming.

The sale of calendars, and also of Christmas and Easter cards and booklets, showed an increase on that of the previous year, and we have in mind even better varieties for next year.

MISSIONARY STUDY DEPARTMENT.—A large number of new study circles and discussion groups has been started in preparation for, and as a result of, the Missionary Campaign. During the autumn the Department helped to organise nine Missionary Training Schools in the London diocese for speakers and study circle leaders, while Training Schools were also conducted in the dioceses of Llandaff, Gloucester and Ely.

United Study Programmes and Suggestions to Leaders have been published in connection with "The Goal of India," a text-book for advanced students.

The resignation of Miss Mayers, Hon. Travelling Secretary, has been greatly felt by the Department.

MISSIONARY PREPARATION UNION.—*Men's Division.*—We continue to "mark time." There are now only sixteen members, almost all of them in the Army. The Secretary keeps in touch with them, and advises with regard to study those who have time for reading.

Women's Division.—1917 has been an uneventful year, a year of steady effort by our members if not of steady study. The number on the roll December 31, 1917, was 267. During the year there were ninety inquiries and fifty-five new members admitted. Forty-five left the Union, of whom four had made their offer to S.P.G. and been declined, and three were elected by the Committee to the position of correspondent. Five members were accepted for missionary training by the Society. For patriotic reasons there was no annual meeting for members or workers' conference, and the quarterly letter to members was issued half-yearly.

MISSIONARY EXHIBITIONS DEPARTMENT.—The Department in 1917 had to contend with increased difficulties in connection with the despatch and carriage of curios and costumes. In not a few instances insufficient notice was given by our friends of their requirements.

Notwithstanding all this, there was an increased output all round.

Representations of tableaux, plays, and pageants given during the year numbered 333, an increase of 107 on the previous year. Sets of curios were sent to 112 places, as against 93 in 1916.

Twenty-two exhibitions, not of course on the largest scale, but extremely useful, were held, and four medical and zenana representations given.

An interesting feature of the year was that in two northern dioceses a series of exhibitions moving from town to town was given, including courts, medical ward, tableaux, bookstall, &c., with highly satisfactory results and with a minimum of expense and labour.

Gifts of curios and costumes have been received, and have been most welcome.

New sets of tableaux and new missionary plays are constantly being added to meet the increased demand.

The depleted and quite insufficient staff are most grateful for the considerate and kindly assistance given by many friends in the country.

TRAVELLING EXHIBITIONS.—The year 1917 witnessed a remarkable recovery in the activity of both Travelling Exhibitions. The dioceses visited were Gloucester, Lichfield, Llandaff, Ripon, Sheffield, Worcester, and York. Over 100 parishes were included in these tours, and in some cases the Exhibition remained two or three days. The sales of literature alone approached £140. One chief value of the Travelling Exhibition is that it breaks new ground and opens new channels of subscriptions, donations, and collections. The attendance at each Exhibition has generally been excellent, and this side of our work has repeatedly shown that, where earnest preparation is made, the visit of the van has given a wonderful stimulus to the missionary life of the parish.

FEDERATION OF JUNIOR CLERGY MISSIONARY ASSOCIATIONS.—The provincial gatherings referred to in last year's Report, together with the circulation of literature and Association meetings on the subject, led to our requesting the Central Board of Missions to issue an appeal for Attestation for work overseas. With our request we were able, owing to the generosity of a friend of the J.C.M.A., to offer a gift of £7,500 to enable the Church "to recruit for the service of Christ and to co-ordinate its forces and unchain its energies for the extension of His Kingdom." Both the gift and our request were accepted, and plans are well forward for a big Recruiting Campaign, especially amongst those who have so splendidly manifested the spirit of service in the world-war. The Rev. W. E. S. Holland, of the C.M.S., has been recalled from India and appointed Director of Recruiting; women-secretaries are at work; our Chairman, the Rev. C. W. Alington, has been freed from his parochial charge to assist in the Campaign; and it is hoped that with a full staff and from new headquarters, 3 Bedford Square, W.C., the Church will inaugurate this campaign soon after Easter. "It is a venture of vast importance claiming your prayers and your support."

In November 1917 a Conference was held at the S.P.G. House of nearly sixty delegates, when the "Present Situation" was surveyed in two inspiring addresses by the Revs. C. C. B. Bardsley (Hon. Sec. C.M.S.), and J. S. B. Brough (S.P.G. and Y.M.C.A.). Miss G. A. Gollock spoke on "Unity," showing what advance was being made in co-operation by various missionary societies, both in the Mission Field and at home—in consultative work, education, laws of comity, and special pieces of service. She appealed for true humility, for earnest prayer, and for "a new attitude of respect for those from whom we differ." The Conference followed on to consider the bond of J.C.M.A. with S.P.G. and with the Central Board of Missions. It was at this Conference that the Chairman was requested to give up his parish work and for four years to devote himself to the Recruiting Campaign above referred to. With

two other members of the Executive he is also at work on the Special Committee of C.B.M. for reviewing the Church's missionary organisation.

The present Executive Committee is to continue in office during the war. Many Associations have had to suspend meetings; but the work of intercession and private study is being emphasised as well as work amongst the young. A stronger effort is being made to assist S.P.G. in deputation work. During the year *twelve* members have gone out to the Mission Field, whilst over 400 have undertaken National Service as Chaplains to the Forces or Hut Workers.

Further information may be obtained from the Federation Hon. Sec., the Rev. W. H. Roseveare, East Haddon Vicarage, Northampton.

FOREIGN STAMPS.—The sale of foreign and colonial stamps for the benefit of the General Fund continues to flourish, having realised £41 in 1917. In some directions we have lost ground, by the absence of collectors on military service and because of the present tendency to economy, but new clients are constantly coming forward, and there is every hopeful prospect for the future. Gifts of collections and miscellaneous stamps, more particularly those of higher values and old issues, will be warmly welcomed by the Honorary Agent, Miss K. Dalton, 86 Arthur Street, Chelsea, S.W. 3.

IRELAND.—The year's work has been carried on amidst many difficulties. The state of Ireland has had an unsettling effect in many parishes. For part of the year an assistant deputation was at work in the dioceses of Armagh, Down, Connor and Dromore, Derry and Raphoe, and Clogher. He gave up his work in September. It is hoped to replace him shortly under new conditions.

The amount collected for the General Fund is £3,381 8s. 6d., and for Special Funds £2,015 13s. 5d., making a total of £5,397 1s. 11d.

Included in the above are the collections of the W. W. Committee General Fund £382 6s. 6d., Special Funds £94 3s. 6d., making a total of £476 10s.

The Candidates' Fund received £62 1s. from 79 contributors. The S.P.G. Western Canada Fund once again was able to claim the £50 challenge by collecting £200.

During the year the Dublin University Mission was able to send out the Revs. G. C. Stevenson and A. O. Hardy to strengthen the work in Chota Nagpur.

There are 351 Incorporated Members and 205 Members.

ARMY MISSIONARY ASSOCIATION.—There is again a marked increase in the income received for S.P.G. for 1917, which amounts to £1,142 1s. 2d., as compared with £949 11s. 11d. in 1916, and £831 12s. 2d. in 1915.

The B.E.F. sent about £200, and Prisoners of War in Switzerland also sent collections.

Large amounts have also been received for other Missionary Societies.

Thus we close another year with deep thanksgiving to God Who giveth the increase.

Hon. Sec., the Rev. M. W. Churchward, A.C.G., 38 the Chase, Clapham, London, S.W. 4.

NAVAL BRANCH.—We regret that during the period of the war it is not possible to give any detailed report. The total amount subscribed during 1917 was £126 1s. 11d., as against £126 5s. in 1916.

Rev. T. W. L. Caspersz, Honorary Secretary, Trafalgar Institute, Portsmouth.

HOMES OF REST.—Important events have occurred in connection with *ST. EDWARD'S HOSTEL, WORTHING*. It will be remembered that this fine property has been handed over to S.P.G. as its Central Home of Rest for missionaries on furlough. During 1917 Miss Cochrane, who, with her mother, was the donor, had to retire altogether from the management of St. Edward's. She left the Home amid the regrets of all who knew her, for she had gained the affection and respect of a very wide circle indeed. For a while it was doubtful what would be the best course to pursue under fresh management, but all uncertainty under this head was ended by the request of the Red Cross Society to take over the premises during the war and for a few months afterwards. The Red Cross Branch in Worthing had originally been created to a large extent by the exertions of Miss Cochrane, therefore for all parties concerned the action at once taken was in every respect satisfactory; and as the war has prevented the return of missionaries, it is possible to give up the Home, especially for so excellent an object. All expenses are paid by the Red Cross according to their usual practice.

"OAKENROUGH," HASLEMERE.—This Home of Rest carries on its good work under the fostering care of Mrs. Tritton Gurney.

PRAYERS.

*For the Society for the Propagation of the Gospel in
Foreign Parts.*

O LORD, in whose sight a thousand years are but as yesterday; and by whose providence and mighty power the acts of men are turned to Thy praise, and the affairs of this world directed to promote Thy glory, we, thy unworthy servants, offer unto Thee our thanks for the establishment of our Society and for the long-continued favour and protection which thou hast bestowed upon its endeavours to extend Thy kingdom upon earth. Send down, we beseech Thee, Thy blessing on it, and prosper its labours for the advancement of Thy truth, as well by the extension of the faith of Christ in the lands where His name is already heard, as by bringing the forces of the Gentiles into Thy holy Church, from the rising up of the sun unto the going down of the same.

O Lord, remind us perpetually of the example of those Thy servants, the founders of this Society; by whom, under the guidance of Thy Holy Spirit, this design was undertaken. Give to us and our successors grace so to follow their steps that we may labour earnestly until the everlasting Gospel is preached in all the earth to every nation and kindred and tongue and people, and this we beg through Jesus Christ our Lord. Amen.

For our Fellow Countrymen Abroad.

O LORD JESU CHRIST, Who hast commanded us by Thy Apostles to walk worthy of the vocation wherewith we are called, and as we have each received Thy gift, so to minister the same one to another; grant to all who are baptized into Thy Holy Name, and specially to our fellow-countrymen who are scattered in distant lands, that in their way of life and by their words they may show forth Thy praise, Who hast called them out of darkness into marvellous light. Preserve them, we beseech Thee, from the sin of offending Thy little ones who believe in Thee, and from causing Thy Word to be blasphemed among the heathen. Send forth labourers into the harvest of the earth, and magnify Thyself in Thy people. Make them as the salt of the earth, and as a light in the world; that so, beholding their good works, and won by their holy life, multitudes may be turned to Thy truth, to glorify Thee in the day of visitation, Who art our Saviour and our God, blessed for ever. Amen.

THE OVERSEAS WORK OF THE S.P.G.

1. *Help from Dioceses Overseas.*—Once again, as in 1916, dioceses abroad have been most generous in striving to save our grants, permitting portions of them to fall back to us in order to mitigate the strain upon our funds for the ensuing year. It has been distinct self-denial, and the Society cannot be too grateful. Two examples are given as exhibiting the spirit of all dioceses abroad. Corea has not drawn £570 of the grant for 1917. The diocese of Rupert's Land has forgone £269 for 1917 and £539 for 1918.

INDIA.—The report here given is of the briefest: merely a few details of outstanding interest.

Calcutta.—Bishop's College has received its new Principal, and has started work under the new scheme which makes the College wholly a centre for Theological Training, and it is hoped that it will be utilised for this purpose by all the dioceses in India in due time. The Rev. Norman Tubbs, who has done a great work at Agra among Indian students, has been made Principal, and the Rev. R. L. Pelly Vice-Principal. Mr. Pelly has been of late one of the chaplains at the Military College, Sandhurst, with its 1,000 cadets. It is with great regret that we hear that the Bishop of Calcutta is once more seriously suffering from arthritis. Naturally he becomes anxious whether he can continue to carry on his work. There is but one hope among all—namely, that he may be spared to hold his see for a long while to come. Calcutta

Assam.—Bishop Pakenham Walsh, the first Bishop of Assam, has been splendidly organising the work of the Church. The planters are increasingly coming to the aid of the chaplains in providing for their maintenance. Missionary work also grows. It may be mentioned also that among the Labour Battalions at one of the fronts there is one composed of Khatris, one of the hill tribes of Assam, and most faithful and well behaved they have been found to be. Assam

Lahore.—The death of Canon Allnutt at Delhi, after thirty-nine years of devoted work in the Cambridge S.P.G. Mission, has been noted with sorrow in all missionary circles. He desired to die at his post, and his wish has been granted. His successor as Head of the Brotherhood is the Rev. H. C. Carlyon, and the Head of the Mission is the Rev. F. J. Western. The Bishop of Lahore has returned to his diocese after having done excellent work with the Mesopotamian army. The very large and efficient Women's Staff is under the Headship of Miss Gould, and the Mission buildings Lahore

Lahore are being enlarged and made more adequate for this fine body of missionaries. St. Stephen's Hospital for women is in the charge of Dr. Fen and he is helped by Dr. Bagelye.

Chota Nagpur *Chota Nagpur*.—Bishop Foss Westcott continues to be in charge of the German Gossner Mission, the German missionaries having been deported early in the war. It is a most responsible charge, consisting as it does of about 100,000 Christians with 300 Government-aided Mission Schools and a large missionary organisation in all its branches. A large contingent of labourers has been sent to two of the fronts from this region, and among them are many Christians of our own Church members. Two of the missionaries have accompanied them as officers.

Bombay *Bombay*.—The most interesting news from this diocese refers to a request by the Bishop to aid him in the conversion of one of the tribes from a life of stealing and brigandage into one of settled and peaceful life. India is accustomed to the spectacle of villages and tribes who by tradition are professional breakers of the law, sometimes coiners of false money, or cattle-stealers, or common thieves. A great work has been done among such people by Mr. Starte of the Civil Service, and this fine worker has appealed to Bishop Palmer to take over a settlement of such people and with the consent of the Government either at Gadas or at Hubli. For this five workers are needed—two men and three women—part of whose maintenance will be provided by the Government. The Society has undertaken to supply the workers as soon as possible, probably at the conclusion of the war. It is an irresistible appeal, and we do not doubt of success. Archdeacon King reports a very gratifying fact—namely, that the Industrial School and Workshops are now in the hands of an Indian Christian as Superintendent, and that he does excellently. One fact also emerges, which is worthy of serious consideration in all countries where there are roads. Cheap Ford motor-cars may almost revolutionise our ideas of a Mission Staff. Let this seed fall in fertile soil.

Madras *Madras*.—Women's work progresses well in Madras itself, with its chief centre at St. Ebba's, which is in charge of Miss Gordon.

From the important Telugu Mission the record is of good, sound work; but the staff, both of men and of women, needs enlargement if the magnificent opportunities are to be utilised.

Tinnevely *Tinnevely*.—Nazareth is, as ever, one of the strongest Church Missions in South India, and is under the charge of the Rev. C. G. Stapley, with three European men missionaries, three women workers, and a great many Indian workers. Under Bishop Waller progress is most marked throughout this diocese. Indeed it is in this diocese that the greatest advance is to be predicted, and on the wisest lines. The Bishop's first charge was delivered at Palamcottah on October 11, 1917. His great object is to create a real unity among the 100,000 members of the Church in his diocese. He has created

at last a Diocesan Council, which embraces the whole diocese. No longer will the work be carried on by societies out of touch with each other. The S.P.G. and the C.M.S. will of course carry on the work they are privileged to help under the Bishop, but not in isolation. Pastorates, Districts, Circles, will all exist. Archidiaconal Councils will gather strength: Indian priests will be more and more entrusted with full powers independent of European supervision, and all under the Bishop and the Diocesan Council. It is a great advance. The cause of Christian Education will gain enormously. Slowly an Indian Church will become more truly Indian. What the Bishop dreamed of in the North when he worked there is being evolved in the South, and European societies rejoice that it should be so. We quote also words from the Bishop's charge upon the war and its problems—words worth publishing far and wide:

Tinne-
velly

"Let us realise what this struggle is which has divided the whole world into two camps. It is not new. It is the old fight between love and selfishness, between force and self-sacrifice. . . . You find it all through the Bible. God and Pharaoh, God and Sennacherib, God and Antiochus, God and Nero. The name of the champion of force does not matter. It is selfishness and force wherever it is found. . . . The fight must be fought and won in every land, in every Church, in every man's own soul. . . . Israel won their victory against Pharaoh, and that generation perished in the wilderness. The Maccabees defeated Antiochus, and the Jews crucified Christ."

To sum up.—We look for a new India after the tempest has subsided; and India desires steadily increasing freedom from external control, both in the State and in the Church. Both must be given generously, yet wisely, not sentimentally. One of the chief dangers in the Church is in connection with the illiteracy of Indian Christians: 83 per cent. cannot read or write; and this peril is increased by mass movements. As an example of that increase, read the record of the C.M.S. Mission at Ellore: 1,000 new inquirers came in two months; in ten years the adherents have been trebled, the communicants quadrupled, the schools have increased threefold, the contributions from 4,000 rupees to 21,000. The Government appeals for teachers in the vernacular for village schools; they could accept them by tens of thousands. If the Christian Missions could provide them by multiplying training colleges, untold good would be done.

A Conscience Clause.—Advanced Indian politicians demand a conscience in all Government-aided Schools on the same lines as hold good in other parts of the Empire. How will this affect the thousands of Mission Schools in India? The question is being closely considered by missionary statesmen at home and abroad and in touch with the Government. It will be noted with interest that in Nigeria new Mission Schools will only be permitted by the Government if they accept a Conscience Clause.

The Bishop of Dornakal.—Bishop Azariah has been invited by the C.M.S. to come to England during 1918 to give his counsel upon Indian problems and principally about mass movements.

Of course all Church Societies will welcome him and join in the deliberations.

Indians at the Front.—Great events are likely to occur in the future, and fraught with blessing, owing to the mixing of race with race, and chiefly in Y.M.C.A. and Church Army Huts. For the first time large numbers of educated Englishmen have come into close contact with Indian Christians of high character and education. These brethren of ours in the Faith are producing a complete change in the minds of Englishmen, Canadians, Australians, and South Africans in their attitude towards Christians of other races. We thank God for the heaven thus at work.

Burma

Burma.—The diocese of Rangoon is of course in the Indian Province, but the populations of Burma are those of the East. Here the Chinese are met with in large numbers. The fine educational work of this diocese prospers, and of the Missions staffed by men and women missionaries. One delightful fact is all that can be mentioned. During 1917 a blind priest, blind almost from his birth, the Rev. H. L. Jackson, has gone to Burma to work among the tens of thousands of the blind in that country and with the hearty approval and aid of the Government.

Singapore and Borneo

Singapore and Borneo.—We are now in a region in which there are immense prospects of advance; and in a sense the problems of the two regions indicated are the same. The Malay language extends over both; Chinese and Indians are found in both; the climate is similar. But of course Singapore and the Federated Malay States are far ahead of Borneo in development of every kind. Malaya must indeed have a wonderful future. It has no public debt. It supplies 73 per cent. of the rubber of the world and half the tin. Railways are extending from opposite Penang, and from Singapore into Siam, tapping vast and fertile regions. The Bishop will need all support in his missionary work both from his own people and from the Church at home for some time to come.

The diocese of Singapore has just given a Bishop to Borneo. Dr. Danson was consecrated in 1917 in Lambeth Chapel, and has gone to his diocese after six years' experience of work in Singapore and the Malay States—a priceless asset. Moreover, he loves the climate and is not given to fever. During 1917 the aged Rajah of Sarawak passed to his rest, and has been succeeded by his eldest son, whom we respectfully welcome. His Highness has sent us warm promises of support for the work of the diocese, and has expressed his opinion that the time has come for a forward movement in mission work. The same welcome has been accorded to the new Bishop by the Government of British North Borneo. On the day of Dr. Danson's consecration, Bishop Mounsey spoke warmly and generously in support of his successor. A somewhat solitary outpost of the Church—Bangkok, in Siam—is bravely held by the Rev. C. R. Simmons, aided by Mrs. Simmons. Our hearts always go out to the solitary workers in the fronts of the Church.

China.—As we draw nearer to the Far East we feel that we are face to face with great independent Empires which are slowly being drawn more and more deeply into the maelstrom of this world war. No one can say what may be the effect of the collapse of Russia as an Empire upon China and Japan. Their once dreaded neighbour has, as it were, ceased to exist. China may have to guard Mongolia against the common enemy, and Japan may hold Siberia in the cause of freedom. China

In China the great floods destroyed 20,000 square miles of cultivation and hundreds of thousands of lives. Then followed the plague. In North China we mourn the loss of the Rev. H. J. Benham-Brown, one of the best missionaries of the Church in China. Bishop Norris is in close touch with the movement to establish mission work in Shansi and to build up a new diocese west of Peking. It is the venture of the Church in China, the missionaries (and they are Chinese) are being sent by the united voice of the General Synod. We watch the venture with deep interest. In regard to Medical Missions it is likely that the *Edward Henry Mosse Memorial Hospital* will find a habitation in the diocese of North China; not in any central city, but in a country town where medical aid is most needed. Both from this diocese and from Shantung as many missionaries as possible have accompanied the Chinese Labour Battalions to one of the fronts. The diocese of Shantung has been especially taxed for this good cause, since the mass of the labourers come from this sturdy Shantung race. Here, too, Medical Missions are forging ahead. The Society has given large sums towards the building of a hostel and chapel at Tsi-nan-fu in connection with a fine Union Medical College in this capital of Shantung. It is also to be noted that the plans of the chapel have been furnished by Bishop Scott, who has already been the architect of some of the most beautiful churches in China.

Corea.—Bishop Trollope has been generous in sending six of his clergy to become officers in the Chinese Labour Battalions. It is a noble work and one much appreciated by the Government. Even though a Corean missionary may not know Chinese, still he can be of enormous assistance, for he knows the ways of Orientals; and far more, he is a wholly sympathetic and devoted person. The Corean Mission now has these Corean priests and one deacon. With these the Bishop carries on work. It is also most gratifying to note that the Corean clergy are supported by the Coreans themselves, not by European grants, and it is a fine example for some other regions. Corea

Japan.—The news of outstanding interest is in connection with the proposal of Bishop Cecil of South Tokyo to resign his position in order to enable a Japanese priest to be elected in his place. But, further, he proposes that he should remain in the diocese as Suffragan to his Japanese successor. All now depends upon the action of the Synod of South Tokyo, and the news may reach us ere this report goes to press. It is worthy of note that in Tokyo Japan

Japan

and on the American side of the Church, the College of St. Paul's has received a sum of £400,000 for its work. It is also a subject for rejoicing that the Nippon Sei Kokwai has sent a woman missionary, a Japanese, to its own special Mission in Formosa.

Africa

AFRICA.—All who have vision and long for days of liberty for mankind will unite for prayer for a new Africa. The past is tragic. Full of backwood races it has been exploited by Asiatic peoples, and most of all by European powers, till there is hardly a spot in this vast continent which is not dominated by some white race. It ought to have been for good ; too often it has meant exploitation for trade purposes, not for the good of the peoples themselves. The marks left are too often those made by slavery and drink, and, most far reaching of all, by a godless civilisation. The future must make reparation, and missionary statesmen must work with Governments for this purpose.

**South
Africa**

South Africa.—The province of South Africa has strained every nerve to help the cause of honour and justice. The Labour Battalions have been accompanied by missionaries as officers. All religious denominations have adopted the same method, and the result has been most gratifying. The Rev. W. H. Hallowes writes as follows, after having been in charge of eight battalions at the front :—

“ Our men have won great praise, and I have it on good authority that their labour is considered second to none. Their conduct has been extraordinarily good, and in my experience the best men were the Christians. It is a great encouragement to renewed missionary effort. I feel more than ever that the future of the white race as well as of the African depends upon the way in which those who have the seed respond to God's call to ‘ sow it.’ ”

The Bishop of Pretoria has sent forty of his clergy to help in the war in whatever manner the authorities think best. The province has also decided to take its share in a very important scheme for the higher education of Africans. Near Lovedale there has been opened a “ South African College for Africans.” There is a central building with its staff of instructors ; round it there are to be hostels built by any denomination for its own students. The Church in South Africa is to have its own hostel, and it is a fine step forward.

It is the diocese of Lebombo which has not advanced as we wish it should have : of course it has its own very special difficulties both of climate and politically, for it is in Portuguese territory. The latest news is excellent—namely, that the Bishop of Lebombo has been elected Secretary of the South African Board of Missions, representing the whole province. This will bring his diocese into closest touch with the province, a matter for supreme satisfaction. At present the income of the Board (about £2,000) is divided between the Mission in what was recently German South-West Africa and the diocese of Lebombo.

The news from Madagascar is encouraging. The Bishop reports that the French Government since the war began have acted far

more generously and sympathetically towards all Christian Missions. **South Africa**
 Labour Battalions have been sent to the front, and at least 500 of
 his people are doing their share of the work.

Tristan d'Acunha.—This remote island, 1,200 miles south of **Tristan d'Acun-**
 St. Helena, has received a post, and has consequently received **ha**
 supplies of all kinds during the last few months. The Society has
 money laid by ready to help to send a teacher or a priest when such
 a worker can be secured. We have also sent supplies. It is some
 years since the Rev. J. G. Barrow and Mrs. Barrow spent three
 years on the island, and though they have tried to get there a
 second time, all their efforts have been foiled. There are 105 people
 living on this harbourless island.

West Africa.—The diocese of Accra prospers. The important **West Africa**
 centre of Kumasi under Archdeacon Morrison promises to grow
 rapidly. Unfortunately there is still a heavy debt on the school
 and the church. It was absolutely necessary to erect these build-
 ings, but it will be a happy day when they are free from debt.
 On the coast the greatest need is for the re-establishment of women's
 work. The women are ready, their house is built, but work is
 naturally retarded by the war.

East Africa.—The Society has been asked to support two **East Africa**
 chaplains, in union with the S.P.C.K.: one at Dar-es-Salaam, the
 other at Tanga. These clergy would not belong to the U.M.C.A.,
 but of course to the diocese of Zanzibar. It is gratifying to record
 that Bishop Weston was highly complimented by General Smuts
 on the manner in which he collected porters and led them to their
 arduous work.

AMERICA.—*Canada.*—The Canadian Church is rightly proud of **Canada**
 its contribution to the army of its best sons. From every diocese
 they have gone forth, and Canadian Churchmen took their full
 share in obtaining conscription for the army. Of course Missions
 have been depleted of their clergy, since these have been also sent to
 the front together with the students for Holy Orders. Great use is
 being made of Ford motor-cars, and it is a fact of real value for
 many lands as a solution of many difficulties. They are cheap and
 enormously assist clergy in charge perhaps of several Mission districts.
 Perhaps the facts of one prairie diocese may be taken as illustrative
 of the general conditions in other prairie regions. From the diocese of
 Qu'Appelle 5 clergy have been killed at the front; 19 out of 24 students
 are serving; 16 clergy are chaplains, 9,000 young Churchmen are in
 the ranks. Since we have taken this diocese as an illustration the
 following facts are noteworthy. Twelve Missions have been closed,
 fourteen are linked up with others, fourteen remain to be formed after
 the war. The Railway Mission prospers, although two of the staff
 have been killed; Mr. Hillary is the Head of the Mission. St. Chad's
 College is still in the hands of the Hospital Commissions, accom-
 modating seventy wounded and disabled soldiers. The diocese has
 been able to pay the interest on the debt, and with the aid of friends in

Canada England £1,400 has been paid off. Archdeacon Davidson, coming from Ontario, has been made rector of the mother parish of Regina. The diocese now has four archdeaconries situated at Regina, Moose Jaw, Qu'Appelle, and Assiniboia. It is excellent news that there is the prospect of an excellent secondary girls' school in Regina; this has been made possible by a legacy of £3,000. There is also a prospect ere long of two new dioceses: Brandon out of Rupert's Land, and Moose Jaw out of Qu'Appelle. The outstanding calamity in Canada is the result of the explosion in the harbour of Halifax. Very few details have yet come to hand in England, but we know that two churches were destroyed, and the new cathedral has suffered to the extent of £5,000.

Newfoundland *Newfoundland.*—This diocese still remains in the province of Canterbury, and is not united to the Canadian Church and province. The aged Bishop Llewellyn Jones has passed to his rest and has been succeeded by Dr. White, who has spent his whole ministerial life in the diocese.

The West Indies *The West Indies.*—Many important events have to be recorded. Dean Berkeley of Barbados has become Bishop of that diocese; Dr. Dunn, son of the late Bishop of Quebec, has become Bishop of British Honduras, and is the gift of the Canadian Church to the West Indian province; and the Rev. A. H. Anstey, Principal of Codrington College, has been elected Bishop of Trinidad; also, in succession to Archbishop Nuttall, Bishop Parry of British Guiana has been chosen to be Archbishop of the West Indies. To the Society the departure of Mr. Anstey from Codrington College is a fact of great importance. It is impossible to speak too highly of Mr. Anstey's work at the College. The whole position there has been revolutionised, and probably it has never stood higher in the estimation of the West Indians. Mr. Anstey has won the confidence of all classes; the College is full; moreover it has become the centre of many important organisations—a fine girls' school, a training college for pupil teachers, and other important work. During 1917 Mr. Anstey also had the good fortune to receive for the College the valuable bequest of Mr. Forte's estate. It was sold for £16,500, and this sum is in trust for the College and held by a strong Committee of Barbadian gentlemen, who have entire control of the proceeds, and of course on behalf of the College. It is already evident that the trustees will act wisely and with a view to the best interests of Codrington. We await a worthy successor to Mr. Anstey.

South America *South America.*—The Society aids the Bishop of Argentina to support travelling chaplains, a very important work. And it is to be noted that this diocese is very liberal in its contributions to the General Fund of S.P.G. *Venezuela* is of course in South America, but Anglicans in that State are under the jurisdiction of the diocese of Trinidad. Canon Hendrick has taken the place of Canon Trotter at Caracas, and the Rev. J. P. H. Welby continues his fine work in the Orinoco district:

Australasia and the South Pacific.—The Church in Australia is rapidly arriving at the point—the welcome point—when it will no longer appeal to the Mother Church for funds to carry on its work. It is also becoming by degrees independent in regard to the supply of its clergy. The outstanding event in 1917 was the consolidation of all mission work under one organisation, the Australian Board of Missions—a most happy consummation, and one which should receive the congratulations of the Anglican Churches generally. Hitherto there had existed two separate organisations, the Australian Board of Missions and the Church Missionary Association. Amalgamation has now been completed in the sense that, though the Church Missionary Association still manages and collects its own funds, it does so as a Special Mission within the Australian Board, and all Churchmen take their full part in the operations of the Board. It is a feature of the Australian Board that its operations are confined to work among Aborigines and non-Christian races; and so far it is unlike the American Board of Missions, and of the Canadian Board of Missions, a very large section of whose work consists of support given to mission districts among European settlers. The S.P.G. now confines its grants to the outskirts of this continent—to Carpentaria, Bunbury, North-West Australia, and Kalgoorlie. The day ought surely to come soon when Australia, like New Zealand, is dependent, as a Church, upon itself alone.

**Austra-
lasia
and
the
South
Pacific**

Polynesia.—The Bishop of Polynesia visited England during 1917. His work is, in ideal, one of the most extensive in the world, comprising the care of Anglicans throughout the Pacific Islands on both sides of the Equator, a task obviously beyond the capacity of any one man. But he has made a beginning, his home being in the Fiji group. Bishop Twitchell is ably seconded in the Tongan group by the aged Bishop Willis and his wife. His Mission is a very warm and united centre. The great need seems to be for the Missionary Bishopric of Polynesia to be included in one of the contiguous provinces. It is not for us to indicate whether it should be Australia or New Zealand. At present Polynesia is in the province of Canterbury.

**Poly-
nesia**

Other Regions.—If a map is examined it will be noted that a series of fertile islands extend from Java towards the Australian Continent. In none of these does any organisation exist for the spiritual care of Anglicans. It is to be hoped that the question may soon be discussed by the Bishops of Singapore, and Labuan and Sarawak. There is no work more near the heart of S.P.G. and so far as its funds permit.

Europe.—Obviously the organisation and work among Anglicans on the Continent of Europe has been so completely disorganised that in a general sense it may almost be said to have temporarily ceased to exist. The day of reconstruction must come, however, and probably there is no part of the world which will receive more

Europe

Europe sympathetic consideration than those parts of Europe where members of the Anglican can live in days to come. A very important contribution has been made to these problems by the Bishop of Gibraltar in his "History of the Diocese of Gibraltar" (S.P.C.K., 7s. 6d. net).

CONCLUSION.—The outlook in the future fills the Christian student with awe. How can the Church of God "buy up the opportunity"? What God seems to offer to His people is the possibility—if they are worthy of it—of a new Europe, a new Africa, a new Asia, a new Australasia, and a new America. It is a new world, or it may be. All lands have been ploughed up, as it were, and harrowed. What seed has been sown? What admixture of tares? One comforting thought may be indicated. Surely the day of pride has gone by: we feel our inadequacy, we are more than ever conscious of sins and the need of repentance. We are more than ever ready to combine our forces. And in this connection it is a happy augury that there is a united movement in the Society to co-ordinate and consolidate men's work with women's work, both in the work abroad and also in the Councils of the Society at home. A strong Committee has been appointed to deal with the whole matter and to report as soon as possible. At the same time the Parliament has added 6,000,000 women voters to its registers. Both upon men and women, members of the Church, there rests a responsibility as great as was ever placed upon any generation in the past. There is the same Power at hand; the Spirit of God broods over the face of the earth; the promise of God our Father, through Christ our Lord, abide. Faith, Hope, and Love abide. We may be full of awe, but we will not be of faint heart. We go forward in the strength of the Lord God.

EUROPE.

Work remains restricted among the European Chaplaincies. Most of those which have been kept open have had some relation to the war. At two places in France Military Hospitals are established for American troops, and the Bishops of Indianapolis and Erie have asked for the use of our churches. A like request has come from Meiringen in Switzerland, where there are interned British soldiers. St. John's, Boulogne, continues to be a valued centre of religious life in the north of France, as is St. John's, Mentone, in the south. At Caen, St. Lunaire, and other places there are several English nurses engaged. The Mürren Chaplaincy has been presented by the British soldiers interned there with a Communicants' Kneeler, which has been worked by them. This will be treasured as a touching memorial of their stay. The circumstances of the time have led to the grouping of some chaplaincies. Paramé and St. Servan are being worked in combination: and Dinan and St. Lunaire are committed to the chaplain at Dinard. Bishop Bury, by whose care these arrangements have been made, is also taking steps to meet the needs of Arosa in Switzerland and St. Jean de Luz in France, until normal conditions return.

The Rev. Dr. Wigram, who had been in charge of the Crimean Memorial Church at Constantinople, has been deported to Angora. The church appears to be uninjured, and it is stated that English prisoners of war attended Divine Service in it on Christmas Day.

NORTHERN AND CENTRAL EUROPE is under the jurisdiction of the Bishop of London. Assistant-Bishop, the Right Rev. Herbert Bury, D.D. (Cons. 1908), 1911.

MEDICAL MISSIONS DEPARTMENT.

It is utterly impossible in the allotted space to do justice to the self-denying labours of our devoted medical missionaries, or to the problems which confront us. One can only chronicle some salient events of the past year, referring the reader to the Society's Magazines for fuller information.

Home Base.—Although the death of the Rev. E. H. Mosse occurred in 1918 (on January 29), reference must be made to an event which affects us so deeply. Mr. and Mrs. Mosse were practically the founders of the Department, and their devotion is too well known to need any words of eulogy. Mr. Mosse's death while labouring to "save others," was in keeping with his unselfish life. It is well with him, but we shall miss him for many a day.

It was with a thankful heart that we received from the Treasurers the statement of the year's income (*see* p. 20). In view of all the competing claims and the limitation—almost the annihilation—of direct propaganda work, and remembering that the 1916 income had been so largely helped by non-recurring gifts from the Women's Jubilee Thank-offerings, we should not have been surprised had there been a very large falling-off in 1917. Instead of this, the income is only £243 short of 1916, and is £976 better than 1915. We are thankful for this encouragement and trust that it is an earnest of better things to come.

The Special Needs section has sent out 81 parcels and cases of supplies to our Mission Hospitals, one parcel only being lost *en route*. £227 has been spent on Hospital requisites, and a generous supply of good and useful needlework has been received. We wish we could quote some of the messages of warm thanks which we have received from our workers for this help. The number of beds adopted for support was 18, and of cots 12. In all, 20 beds and cots are now specially supported.

Lahore

Delhi.—The medical side of the work in Delhi and district owes much to Canon Allnutt, whose lamented death is referred to elsewhere. Although the work at St. Stephen's Hospital has been well kept up, yet this has been due to the employment of temporary help to fill the gaps caused by resignations; another doctor and a third sister are urgently needed. Dr. Franklin's furlough is due and Dr. D. Scott's will soon be. Dr. M. Francis has been seriously ill. There has been a steady increase of patients; the total number of attendances was 26,586 (daily average 102); in-patients numbered 1,515. There are seventy-five beds, but at one time the in-patients numbered ninety-five, and accommodation was found for all. Uddiya, the old and valued Dai (Indian nurse) passed away last May. The evangelistic work has been kept up during the year. There have been five baptisms.

Karnal.—Here, too, there has been a remarkable increase of in-patients; they numbered 612, while out-patient attendances, at hospital and in the villages, amounted to 15,348. A Mohammedan

patient, having courageously borne the usual opposition from her people, has decisively testified to her conversion by placing herself under instruction for baptism. We have received very interesting separate accounts of the evangelistic work, which is carried on uninterruptedly. Lahore

Rewari.—Again an increase both in hospital and dispensary is reported. Evangelistic work at the dispensary went on steadily for nine months of the year.

Rawal Pindi.—In-patients have numbered forty-nine—Christians, Mohammedans, Hindus, and Sikhs. Evangelistic work is done by all the members of the staff; there is no Biblewoman. There is one out-station, Kahuta, $22\frac{1}{2}$ miles away, which was opened on February 14; it receives monthly grants from the District Board (a sort of County Council) and the Dufferin Fund, and English friends at Rawal Pindi raised a sum of £67. Evangelistic work is done by an Indian Biblewoman.

Cawnpore.—St. Catherine's Hospital has had a hard struggle, and was actually closed for a week. Dr. Ethel Pryce having come home in April and Dr. Meta Smith having resigned, we were fortunate in being able to send out, on a year's engagement, Dr. Muriel Iles, under whom the hospital was re-opened on October 8. The number of in- and out-patients has been much the same as in 1916. Dr. Iles, in her report, emphasises the urgent necessity of maintaining the European nursing staff at its full strength. "It is said that it takes two years for a doctor to get known in Cawnpore, but Dr. Meta Smith was extremely popular in eighteen months." "Many very dreadful cases, the result of neglect or dirt, too far gone to cure," were received in the rainy season and their sufferings alleviated. The training of Indian nurses has gone on successfully. Miss Cave-Browne and the Biblewoman, Nazeron, have continued their faithful evangelistic labours. Lucknow

The death of Miss E. M. Dawson, one of our Cawnpore nurses, is a sad loss to the Mission. She was acting as Matron on the hospital ship *Salta* when it was mined in the English Channel.

Ranchi.—Dr. A. E. Sankhar, who arrived in January, was for a short time attached to this hospital, the reports from which make very interesting reading. Number of patients, 28,340. There were some cases of cholera. Evangelistic work, by the local clergy and the hospital staff, goes on daily. Chota Nagpur

Itki.—Dr. Sankhar was at the same time in charge of Itki, where, as in Ranchi, much good work has been done. The two places are 16 miles apart. Since Dr. Shankar's removal to Murhu, in June, there has been no physician in charge, and Miss Miller longs for "after the war" and regular medical supervision. Her work has been of an arduous nature, involving long and difficult journeys. The instruction of the patients is carefully attended to.

Murhu.—Dr. Sankhar has been working here since June, with great energy and much acceptance. Dr. Williams is in France with the Chota Nagpur Labour Battalion. The country round

**Chota
Nagpur**

Murhu is very wild, the roads are few and mostly very rough, and there are hardly any bridges over the rivers, so that the doctor's and Nurse Claypole's journeyings on their errands of mercy often involve great inconvenience and fatigue. There are many Christians in the surrounding villages, and Murhu has its flourishing boarding schools.

Govindpur.—Dr. Kennedy's report affords glimpses of a bewildering variety of occupations—he is doctor, architect and builder, inspector of schools, superintendent of missionary work over a large area, trainer of candidates for ordination and of catechists, Bible translator, &c. We learn with amazement that he has been able, in his capacity as doctor, to attend 3,005 cases, and to perform 85 operations. He has no hospital and no proper equipment.

**Tinne-
velly and
Madura**

Ramnad.—The resignation of Dr. Ethelwyn Walters is a very serious loss to the Mission at Ramnad. Miss Thanam Stephens, a Brahman lady who has taken a medical qualification, is carrying on the work under the supervision of Dr. Wells, who has been appointed by the Bishop to do medical and evangelistic work in the district. Dr. Wells has taken up his new duties with enthusiasm and finds the outlook promising.

Sister Taylor, of Ramnad, is doing war work in Mesopotamia. The Hospital at Nazareth is under the charge of an Indian Christian sub-assistant surgeon. The Government have withdrawn their grant to the Hospital.

**Singa-
pore.**

Singapore.—There are two doctors (Mrs. Ferguson-Davie, M.D., and Mrs. Lyall, M.B.), a nurse (Miss Satchell), and seven Asiatic assistants. The total of attendances is 8,629; in-patients numbered 136; there were 600 operations. The premises hitherto used in Cross Street have to be given up, and the Hospital and School have probably by this time ceased to be. A doctor is urgently needed, and also a nurse to take the place of Miss Thompson, who has resigned.

The work of a Medical Mission gives a wonderful insight into the lives of the polyglot population of this great city, and often reveals "the habitations of cruelty" which too often exist unseen. The practice of buying and selling children, for instance, is very common among the Chinese, and an N.S.P.C.C. is much needed among them. It seems incredible that mothers should sell their own children into slavery; but, after all, it was systematically done by English people about 800 years ago. There have been no adult baptisms in 1917; the language difficulty is extraordinarily complex in Singapore.

Malacca.—We are grieved to hear that Dr. Elsie Warren, who has struggled so long against failing health, has at last been obliged to leave Malacca, and that she will not be allowed to return.

The Medical Missions in these two important centres are carried on under the auspices of the Singapore Diocesan Association; they

are not Missions for which the S.P.G. is ultimately responsible, but it is greatly to be desired that we could help them more effectually than we do. The Malays are an extraordinarily interesting people; they inhabit the huge tongue of land, nearly a thousand miles long, which goes down from Siam almost to the Equator, and although Missionary work under different Societies is being carried on among the Chinese and Indians of the Peninsula, hardly anything is done for the Malays.

Singapore

Here also the melancholy tale of resignation has to be told. Peking has lost the valuable services of Dr. Rivington. Early in the year the little Mission Hospital in Peking came to an end, having fulfilled a very useful function when the city was badly supplied with hospitals. The two Dispensaries, however, are still doing a fine work. The building of the Hostel for Church students at the Union Medical College is now postponed until 1920, owing to the rebuilding of the College and other causes. Much of the support which was given to the Peking Hospital has been transferred to Hochienfu, where very good work is being done. In the last account patients were coming to the Hospital by boat, as the country was flooded.

North China

The increased price of silver, with other causes, has added greatly to the difficulties of all our Missions in the Far East, as the sovereign is only worth about one half of its former value. This means that we have practically to double our grants.

Ping Yin.—Dr. Frances Cunningham is carrying on her splendid work at Ping Yin. The Yen Chow Fu Hospital is closed. The building of the Hostel at Tsinanfu has been begun.

Shantung

Chemulpo.—The Hospital remains closed.

Corea

Chin Chun.—Thirty-three per cent. more cases were seen than in the previous year. Taken in conjunction with the enormous rise in the price of drugs, dressings, food, fuel, and lighting, this means a great addition to expense. The total attendances were 12,030, and of these 3,660 were new cases; 156 were admitted into Hospital. The average fee works out at 1½d., yet of the in-patients only one in six were able to pay anything at all!

Tsolo.—Owing to Dr. McMurtrie's temporary absence, the Hospital was closed during the second half of the year. During the first six months there were 2,980 attendances; the number of in-patients was 74, and there were 80 operations (31 major). The work of the doctor was much increased owing to his having to act as District Surgeon, and to undertake a large amount of travelling when the roads and rivers were at their worst. This was, of course, owing to paucity of Government doctors. The war touches us at every point.

St. John's, Kaffraria

Mlengana.—We are thankful that Dr. Hannah Irving was able to return and resume her work during the year.

AUDITORS' REPORT.

AUDITORS' REPORT.—We have examined the Accounts of the Society for the Propagation of the Gospel in Foreign Parts for the Year ending December 31st, 1917, and having seen the vouchers for the various payments, we certify that the Society had, at the close of the Financial Year, an available Cash Balance of One Thousand Nine Hundred and Twenty-Four Pounds, Six Shillings and Nine Pence (£1,924. 6s. 9d.) on account of the General and Working Funds; Sixty Thousand One Hundred and Eleven Pounds, Ten Shillings (£60,111. 10s. 0d.) on account of the Special Funds. We also certify that the Society had a Loan of Twenty-Five Thousand Pounds (£25,000) from Messrs. Barclay & Co., Ltd. (Gosling's Branch), on account of the General and Working Funds. We also find that the Receipts and Payments on account of the General and Special Funds, and the Balances held on account of the Special Funds, do agree with the entries in the Ledgers. We also certify that the Society had the following investments.

CURATES' AUGMENTATION FUND

THE ONLY SOCIETY IN THE CHURCH OF ENGLAND FOR THE
PURPOSE OF HELPING ASSISTANT CURATES.

PRESIDENTS { HIS GRACE THE ARCHBISHOP OF CANTERBURY.
 { HIS GRACE THE ARCHBISHOP OF YORK.
TREASURER: REV. T. A. SEDGWICK.

This Society augments the stipends of Curates who have been more than 15 years in Holy Orders and are still in full active work.

Of the **7,000** Curates very many have been ordained more than **15** years, and this number is annually increasing.

It is **the only Society in England** that directly increases the Stipends of Curates of long standing.

The War has seriously strained our resources. **£1,000 required immediately** to avert diminution in the number of grants.

The Church is multiplying Curates **three times** as rapidly as she is multiplying Benefices.

Nearly **£8,000** was voted last year in Grants.

The average stipend of those receiving Grants does not exceed **£3** a week.

Church Collections, Subscriptions, and Donations
thankfully received.

Cheques, P.O.O., and Postal Orders, crossed 'Courts & Co.', should be sent to the

THE CONVERSION OF EUROPE.

BY THE REV.

CHARLES HENRY ROBINSON, D.D.,

HON. CANON OF RIPON, AND EDITORIAL SECRETARY OF THE SOCIETY FOR THE PROPAGATION
OF THE GOSPEL IN FOREIGN PARTS.

EXTRACTS FROM REVIEWS.

"It is a volume of serious history, written in a style of sustained elevation and yet surprising simplicity, and distinguished on every page by the tolerance and good judgment of the scholar."

Expository Times.

"No student of European history can afford to neglect this book, which combines the patient care of the scholar with the earnest enthusiasm of the Churchman."

CANON MASTERMAN in the *Church Family Newspaper*.

"As an authoritative survey of the Conversion of Europe as a whole, this book will be a necessary addition to the library of every preacher of the Christian religion."

Birmingham Daily Post.

"Canon Robinson has produced an important volume in which he makes an heroic effort to fill what must be acknowledged to be a great need in our literature."—*Church Times.*

THE ARCHBISHOP OF CANTERBURY says: "If we were able to estimate aright the work which the Church has been doing in the Master's name, we should find nothing nobler, or more worthy of praise, than the work of scores and scores of practically unknown men who have been toiling in the poorest parts of our great towns."

THE ARCHBISHOP OF YORK writes: "I most cordially commend the work of the Home Missions of the Church (A.C.S.). It is quite invaluable as a means of enabling the Church to meet the demands of an ever-growing population and to fulfil its duty to the nation."

HOME MISSIONS OF THE CHURCH.

THE ADDITIONAL CURATES SOCIETY exists to help poor parishes to obtain the assistant Clergy they require and could not have without money assistance from outside their own borders. In helping poor parishes the Society touches the slums in the centre of large cities, the poorer suburbs outside the cities, and also the mining and other industrial towns and villages.

The Society's work is of very real importance at the present moment. It acts as a CENTRAL AGENCY for conveying help to those parts of the country where pressure is greatest. It enables Churchpeople in any given part to send help to those needy places which are beyond the border of the Diocese in which they live, and therefore cannot be helped by their contribution to its Diocesan Finance. In this way the A.C.S. is giving great help to the poor districts of South London and "London over the Border," to the growing populations in Barrow, Grimsby, and Middlesbrough, to the colliery regions of South Wales, and to the Diocese of Lichfield with its Pottery and "Black Country" parishes.

THE ARCHBISHOPS' APPEAL FOR WESTERN CANADA.

The Council appeal for Funds to consolidate and strengthen the work they have begun.

- I. In view of the new needs which are coming upon the Churches of the West.
- II. In recognition of the splendid sacrifices made in behalf of the nation by soldiers drawn from the regions over which the mission work is done and by others who will find new homes there.

This effort of the Church to do its duty towards what is probably the largest and most important area of National growth within the Empire is specially commended to all who are interested in the building up of the Empire.

Contributions, Donations, War Loan, may be sent to the Secretary, A. W. C. F., the Church House, Dean's Yard, Westminster, S.W. 1, or else to Messrs. Glyn, Mills, Currie, and Co., 67 Lombard Street, E.C. 3.
